

Client Testimonials

March 13, 2009

Dear Ken,

Thank you for once again bringing Foot Klan to our free Target Music in the Park concert. It was a pleasure to see our audience, young and old alike, respond to the dancers with such enthusiasm and awe. The last two years at this concert, Foot Klan has been inspiring to watch.

I know that this kind of performance situation is taxing on the performers because it is outside in the hot sun, yet Foot Klan took time to interact with the crowd after their performance despite the fact that they were probably hot and tired. That kind of dedication and professionalism in performers is hard to find. So I truly want to say thank you for putting on such a great show for our audience!

Sincerely,

Jenny Sanford

Mr. Khalid:

I have been working in the Cartwright District for 25 years. This, by far, has been the best pep assembly leading into the AIMS testing that I have seen. I was very impressed with the group as soon as they stepped on campus. The group conducted themselves very professionally with staff and especially students. Everything that was presented during the program was uplifting and very positive.

Their message to the students was very clear. We invited the 5th grade students from one of our feeder schools, and they were so excited when they left, they couldn't wait to come to our school. The group also worked very well with our agenda, by joining in with our cheerleading group and our school mascot. I must say in this day and time one of the best ways to reach children is through music and dance. I only hope that your program, H.I.P.H.O.P., continues to reach as many children as possible.

Sincerely,

To Whom It May Concern:

During this year's 17th annual Start! Phoenix Heart Walk, Foot Klan Dance Troupe performed as part of our morning program. More than 15,000 Heart Walk supporters thoroughly enjoyed the energy-packed performance by Foot Klan.

Foot Klan's performance stayed on time, ensuring that our morning program did not run over. I would highly recommend this very talented dance troupe for any event. They are extremely professional, and it was a thrill to watch them.

Sincerely,

Nancy

Foot Klan performed at the March 2009 AZ-MPI (Meeting Professionals International) Monthly Meeting at US Airways Center

(Original sent via e-mail)

Ken,

Thank you so much for the opportunity to have the fabulous dancers perform at our recent MPI monthly meeting. They totally ROCKED!

Anytime we may assist them for business with our members, just let us know-OK? Please let each one of them know we are so grateful for their time to showcase their amazing dance talents-WOW!

And, thank you to you, Ken! It is wonderful to know more of what you do so we know who to call upon for the BEST entertainment.

Cheers to you,

Debra Gardner
AZ-MPI President

Mr. Ken Reinstein
Blue 22 PR

Dear Ken:

At Gridiron Celebrity Hoops X, we had the pleasure of having Footklan perform at our 10th year anniversary in 2008. We were excited to work with a group interested in entertaining the community, especially the children and athletes that were in attendance.

The diversity in age and race of the group shares many of the values we believe, and we thought it was a great demonstration of team work. The various dance techniques that they used was an excellent way to energize the crowd and kick off our events in a great positive way. NFL Players Terrell Owens, Darnell Dockett, and Shawn Springs along with our musical guests, Tank, Ne-Yo, Baby Bash and other celebs in attendance expressed how impressed they were with the talented group. JAM Sports & Entertainment was proud to have had Footklan at this year's Super Bowl event.

We wish you every success.

All my Best,

Juli M. Jordan
